(Note) A cookie is a mechanism that temporarily records data on the user's computer through the browser when the user visits a website. Cookies record information about the user's device and information such as the number of visits to the site, and are used to identify the user as a visitor to the site.

No. 4 Appropriate Acquisition

We will acquire personal information properly and will not acquire personal information by deception or other wrongful means.

Section 5 Provision of information to be handled

1 We will provide JP-MIRAI , JICA and CINGA with information obtained from users.

We will comply with the Personal Information Protection Law and related laws and regulations when providing personal information.

2 In principle, the Company will not provide third parties with information obtained from users, except in the cases described in the preceding paragraph. However, in cases where there is a special description in this privacy policy, where individual consent is

obtained from the user, or where it is based on laws and regulations, information from the user may be provided to a third party exceptionally.

3 JP-MIRAI, JICA, and CINGA will use personal data that identifies users (Article 16, Paragraph 3 of the Act on the Protection of Personal Information) only for the purposes stated in Paragraph 3, Paragraph 2 of this Privacy Policy.

4 Our company, JP-MIRAI, JICA and CINGA may create statistical data processed so that individuals cannot be identified based on the personal information provided. Statistical data that cannot identify individuals can be used by the above organizations without any restrictions.

Section 6 Measures to ensure safety, etc.

1 We will take necessary measures such as appropriate security measures to prevent leakage, loss or damage of the information we handle and to properly manage the information we handle.

2 We will implement and maintain a management system for the protection of personal information, review it regularly, and strive for continuous improvement.

3 When having our employees handle information from users, we will provide necessary and appropriate supervision to such employees so that the personal data can be safely managed.

4 The operation of this application may be outsourced, but in that case, the outsourcee also complies with the relevant laws and regulations, and for the prevention of leakage, loss or damage of the information handled and other appropriate management of the information handled. take necessary measures.

Section 7 Notification of Leakage, etc.

The Company shall not be liable for any leakage, loss, damage, or other incidents related to ensuring the security of personal data that it handles, which are stipulated by the rules of the Personal Information Protection Commission as having a high risk of harming the

rights and interests of individuals. In such case, we will notify the user of the occurrence of the situation in accordance with the regulations.

However, this does not apply when it is difficult to notify the user and necessary alternative measures are taken to protect the rights and interests of the user.

Section 8 Ensuring Voluntary Provision and Consequences of Failure to Provide Personal Information

It is up to the user to decide whether or not to provide personal information to the Company. However, the personal information described in Section 3.1 is information necessary for user registration of this application , etc. If you do not provide it, you may not be able to use some or all of the functions of this application. Please note that it may interfere with the use of

9. Notification, Disclosure, Correction, and Suspension of Use of Retained Personal Data

The User shall notify the Company of the purpose of use of retained personal data (Article 16, Paragraph 4 of the Personal Information Protection Law) that identifies the User, disclose the data or records provided to a third party, and correct the content of the data. • You can request addition or deletion, suspension of use, or erasure. If we receive the above request, we will properly handle it after confirming that the requester is the user himself/herself. Please contact the contact information listed in Section 12 regarding your request.

However, in the case of Article 38, Paragraph 1 of the Personal Information Protection Law, a fee may be charged.

No. 10 Scope of Application

This policy applies only to this app. It does not apply to other applications operated by the Company. In addition, we are not responsible for the contents of external sites linked from this application.

11. Considerations

- 1 Some social networking services (SNS), when you browse a website that has a "button" for that SNS, send your user ID from the website to the SNS without pressing the "button". • Information such as the site you are accessing may be automatically sent. For details, please refer to " Notes for SNS Users" (Personal Information Protection Commission website).
